

FULL TUITION WAIVER JOB SECURITY

INTENSE*

Post-Baccalaureate Two-year
Bachelor's Degree Program

EQUIPMENT ENGINEERING
SEMICONDUCTOR ENGINEERING

Industry Sector

- Semiconductor Industry (STEM)
- Steel Manufacturing (STEM)

Internship & Work Content

- Automation: Emphasis on integrating technology in manufacturing processes.
- Equipment Management: Focus on maintenance and improvement of machinery.
- Technical Skills: Importance of proficiency in mechanical maintenance, blueprint reading, and AutoCAD.
- Production Efficiency: Commitment to modern techniques like injection molding.
- Collaboration: Role of teamwork in mechanical installation and setup.

Language of Instruction

- English

Eligible Enrollment Country

- Philippines
- India
- Indonesia
- Vietnam
- Malaysia

Industrial Partner

- 日月光半導體製造股份有限公司 **ADVANCED SEMICONDUCTOR ENGINEERING, INC.**
A global leader in semiconductor packaging and testing, the company is dedicated to innovation and quality, supporting diverse industries in the supply chain.
- 燐聯鋼鐵股份有限公司 **YIEH UNITED STEEL CORP.**
A manufacturer of stainless steel and metal products, the company is committed to quality and sustainability, serving a wide range of industries globally.
- 華宏新科技股份有限公司 **WAH HONG INDUSTRIAL CORP.**
A leading manufacturer specializing in advanced electronic materials and components. The company is dedicated to innovation and quality, serving various industries worldwide.
- 燐興企業股份有限公司 **YIEH HSING ENTERPRISE CO., LTD.**
A prominent manufacturer of stainless steel and metal products. Committed to quality and innovation, the company serves diverse industries globally.

THE PRIDE OF KAOHSIUNG CITY

I-Shou University (ISU) is situated in the Guanyin Mountain area of northeastern Kaohsiung. The University firstly opened its gates in 1990. Today, with its continuous development, ISU has **8 colleges, 36 departments and programs, 14 masters programs, and 5 doctoral programs** open to international students. Moreover, The International Foundation Programs (IFP) also prepares international students with their Chinese proficiency before starting their degree courses. The University has approximately **11,000+ students (1,500 overseas students)** and **480 full-time faculty members**, 90% of whom possess doctoral degrees, making it a young and promising institution of higher education with a great potential.

ACADEMIC AND INDUSTRIAL SUPPORT BY E-UNITED GROUP

E-United Group, to which ISU is affiliated, **real estate & leisure development**, including **Yieh Phui Enterprise Co., Ltd. and Yieh United Steel Corporation, E-DA Hospital, Kaohsiung Morriott Hotel, E-DA World and etc.** With the generous financial support from E-United Group, the University has equipments and facilities that are unparalleled among other universities in Taiwan. Also, the University is one of the few comprehensive universities that **integrate theory into practice, and are cognizant of and responsive to the needs of industries.**

COMPREHENSIVE UNIVERSITY: THEORY & RESEARCH

With the support of E-United Group, ISU provides substantial offers to recruit faculty members with research specialties and practical experiences from different disciplines and professions. With the **Artificial Intelligence-driven curriculum designs**, **ISU underlines the importance of equipping students with computing foundations for their future career opportunities.** Thus, faculty members are encouraged to engage students in not only **tapping into interdisciplinary studies**, but also researching the cutting-edged points in their respective fields.

INDUSTRY-UNIVERSITY COLLABORATIONS

In addition to collaboration with affiliated companies of E-United Group, the University also actively seeks opportunities to work with other business entities for recount programs. By so doing, students are provided with more hands-on experience to work in different sectors. There are some **600 business entities working with the University in the form of industry-university collaboration, including industries of technology, electronics, medical services, iron and steel, hospitality and tourism, and department stores.** The University aspires to meet the needs of different industries, cultivate professional talents, and carry out university-specific research projects.

CAMPUS FACILITIES

I-Shou University offers **6 English** taught programs. Overseas studies, exchange programs or dual-degree programs are also available,

Sport facilities at campus: **athletic field, gymnasium, swimming pool, fitness center, volleyball, tennis, basketball courts, and golf range,**

University is located in the entertainment hub of **E-DA World**: 2 hotels, outlet mall, and theme park,

Multiple cafeterias on Main Campus and Medical campus offer both Chinese and Western cuisines,

ISU students may choose among over a hundred of **student clubs** to enrich their campus life,

Self-owned shuttle bus service is available from both campuses to major downtown locations,

ISU is a mobile-friendly environment, so students can enjoy **nonstop full-campus Wi-Fi coverage.**
